SNOW REMOVAL

Winter has arrived and so has the snow and ice. To help keep sidewalks and roads safe for travel, residents are reminded that it is unlawful under the *Highway Traffic Act* to deposit snow or other debris onto streets. Snow from parking areas and driveways are to be kept on your property.

The Town's Snow Removal By-law requires all residents to clear away and remove snow and ice from all sidewalks abutting their property.

Residential (single and multiple family buildings) occupants or owners are required to do so within twelve (12) hours of snowfall, while occupants or owners of commercial property must do so within four (4) hours following the snow fall or formation of ice upon the said sidewalks during daylight hours; or four (4) hours following sunrise in the case of snow falling or ice forming overnight. When a property owner fails to do so, the Town may remove the snow and ice and charge the cost of removal to the owner.

Please refrain from parking on Town streets during snow events. The Town's Public Works Staff encounter difficulties in snow removal where vehicles are left on the roadway. A heavy snowfall may be declared an emergency and vehicles parked on roadways may be towed at the owner's expense.

Thank you for helping to keep our roads and residents safe this winter season!
