Town of Tecumseh

Strategic Priorities Overview

Introduction

The Town of Tecumseh is a recognized leader in using strategic planning to deliver results to its residents and taxpayers, and has used previous strategic plans to ensure that the issues that are important to the community and its future receive the attention they deserve. In Tecumseh, priorities are established and reviewed throughout the Council term.

Once a strategic plan is adopted by Council, the issues and topics covered by the strategic plan will be discussed on an individual basis at Town Council, with input from residents. Senior management staff will also reflect the strategic plan in their reports to Council, their work programs and budget proposals, and in allocating talent and resources.

Background

At a Strategic Planning and Priority Setting Session, senior management staff briefed Council on Town initiatives and practices. Council members offered their perspectives and feedback. An external facilitator supported staff in collating the information. This information has been synthesized in the following document into overarching strategic goals that are supported by priority areas of focus, and strategic action items that can facilitate implementation.
