Dan Piescic, P. Eng.  
Director Public Works and Environmental Services  
Town of Tecumseh  
917 Lesperance Road  
Tecumseh, Ontario N8N 1W9

Dear Mr. Piescic,

**RE: Water and Wastewater Master Plan Update, Notice of Study Commencement**

We have received the Notice of Study Commencement for the update to the Water and Wastewater Master Plan Update.

We would appreciate being notified of the date for the upcoming Public Information Centre (PIC). We understand that this update is being completed at the same time as several other Class Environmental Assessments (including for example, the Upper Little River Stormwater Management Study, the addendum to the Manning Road Secondary Plan, and the Tecumseh Hamlet Secondary Plan) as well as other Environmental Assessments for road studies bordering the Town of Tecumseh (i.e., County Road 19, Banwell Road, etc.).

We would appreciate being circulated on any additional information related to this study that would assist us in having a better understanding of the relationships amongst these class environmental assessments occurring within and adjacent to the study area. We will be interested and available to attend the PIC centre when it is scheduled in September.

If you should have any questions or require any additional information, please do not hesitate to contact the ERCA Watershed Planner, Michael Nelson by phone at (519) 776-5209 ext. 347 or by e-mail at [mnelson@erca.org](mailto:mnelson@erca.org).

Sincerely,

Michael Nelson, *Watershed Planner*

/mn
