APPROVAL

Date: Permit Approved _____ Kirby McArdle, Manager Public Works & Transportation

Date: 1st Inspection - Passed _____ Town of Tecumseh Inspector

Date: 2nd Inspection - Passed _____ Town of Tecumseh Inspector

Refer to page 2 for inspection requirements and driveway regulations that affect indemnity return.

REQUIRED INSPECTIONS

Must be booked 2 business days in advance by contacting Public Works at 519-735-2184 Ext.142

1st Inspection to be booked when - Sanitary & Storm Sewer clean-outs are exposed, raised and level with the forms and when base is prepared to specifications. Water shut offs are to be inspected by the Water Department during 1st inspection. If maintenance or repair is required ONLY Town of Tecumseh Water Operators are authorized to work on this infrastructure.

1st Inspection must be passed PRIOR to Driveway being placed/poured/installed.

2nd Inspection to be booked when – Driveway is placed/poured/installed and backfilled, and the ground is restored with no trip and/or safety hazards.

DRIVEWAY APPROACH SPECIFICATIONS:

- NO WIRE MESH on Municipal Property
- 32MPA Concrete
- 6” concrete or 4” asphalt on Municipal Property graded evenly to the property line

CURB CUTS: May **ONLY** be done by an **APPROVED** contractor.

DRIVEWAY REGULATIONS – (PLEASE READ THOROUGHLY)

- (a) A driveway serving a dwelling in a residential zone shall have a **maximum width of 7.62 metres (25.0')** or 40 percent of the lot line abutting the street that the driveway traverses, whichever is greater, up to a maximum of 9.15 metres (30.0')
- (b) The **minimum distance between a driveway and a lot line shall be 0.5 metres (1.64')**, save and except the lot line over which the driveway traverses.
- (c) The minimum distance between a driveway and an intersection of street lines, measured along the street line intersected by such driveway, shall be 9.15 metres (30.0').
- (d) The minimum angle of intersection between a driveway and a street line shall be 60 degrees.
- (e) Every lot shall have a minimum of one driveway and a maximum of two driveways for any permitted use.
- (f) Sanitary, Storm & Water Shut Offs all require an appropriate cast iron cap.
- (g) The sidewalk shall be continuous through the driveway, in a separate pour complete with expansion joints and pins to existing sidewalk.
